

## Strapping GLASS A-FRAMES with PET

**General data:** Glass A-Frame strapping 2 wooden end caps that keep glass in place

Weight: Up to 1000kgs

**Old Packaging:** Steel strapping HT Blued & Waxed x 2 straps put on by A337-19

**New Packaging:** Two PET straps, same as steel strapping

*Strapping: PET Green Embossed/ Black Smooth*

**Tool** P321/ P323 (discontinued tools) New tool P325 with battery facing upwards

**Benefit of new packaging:** Straps remain tight after settling  
Higher retained strap tension  
Packaging cost saving in strapping  
Safer to use by operator
