

Official Statement of FROMM Plastics GmbH regarding REACH

Herewith FROMM Plastics GmbH declares following:

- all REACH rules and definitions have been checked carefully
- there are no rules for registration of polymers
- both of our raw materials Polyethylene Terephthalate (PET) as well as Polyethylene (PE) are polymer materials
- REACH has been installed to control and to register so called "agents" and "substances" – polymers do not belong to this group
- also final products as our STARstrap PET packaging strap and our Airpad film PE/PE and PE/PA are not agents or substances according to REACH

Therefore FROMM Plastics GmbH is not obliged to register products and / or raw materials in REACH. Our raw material suppliers inform on regular base about actual level of registration of their products.
