

Suitable for all steel straps up to 1.2 mm thick and 32mm wide

Product code: 16.1075

Product Information

Summary

This safety cutter has two rubber pads on each side and a cutter in between which, when cutting, prevents tensioned steel banding from springing back into the operator.

Comfort

Long upper handle for extra leverage and easy cutting.

Longevity

Robust and reliable. Sturdy fulcrum pin and heavy duty lateral connecting rods for heavy usage.

Easy Maintenance

Blades and rubber stamps are easily replaced.
